

Index to Volume 14

This index covers the issues of *Medical Problems of Performing Artists* for 1999, as follows: March (Number 1), pages 1-52; June (Number 2), pages 53-100; September (Number 3), pages 101-160; and December (Number 4), pages 161-232.

Subjects

- Abstract(s), 48; 97; 156; 222
- Accident(s), return to cello playing after, 63
- Actor(s), special needs of, 21
- Administrator(s), former conductor's changing roles, 60
- Aging, arthritis in musicians, 80
 - changing from conductor to administrator, 60
 - generativity and, 55
 - guidelines for dancers' longevity, 62
 - hearing loss in musicians, 76
 - neurologic disorders of instrumentalists, 67
 - of performers, challenges of, 85
 - of performers (editorial), 53
 - upper-extremity problems in instrumentalists, 87
- Alzheimer's disease, in instrumentalists, 67
- Ankle strength(s), in flamenco dancers, 107
- Annual meeting(s), European Congress on Performing Arts
 - Medicine and Physiology of Music in Berlin (editorial), 1
 - of PAMA, photographs from, 225
- Antidepressant(s), for performance anxiety, 122
- Anxiety, performance, *see* Performance anxiety
- Anxiolytic(s), for performance anxiety, 122
- Arthritis, in aging musicians, 80
- Article(s), on modern dancers, 16
- Artist(s), *see* Performing artist(s)
- Arts medicine, *see* Performing arts medicine
- Audiometry, of orchestra pit in Broadway shows, 204
- Auditory system(s), changes with aging, 76

- Ballet company(ies), costs of injuries in, 164
- Ballet dancer(s), injuries to, costs to company, 164
 - pain questionnaire for, 196
- Berlin, 6th Annual European Congress on Performing Arts
 - Medicine and Physiology of Music in (editorial), 1
- Beta blocker(s), in performance anxiety, 117; 122
- Book review(s), 51; 100; 226
- Boston Ballet, costs of injuries in, 164
- Bowed stringed instrument(s), x-ray computed tomography of, 8
- Brain(s), aging effects on, 67
- British Performing Arts Medicine Trust, 93
- Broadway performer(s), special needs of, 21
- Broadway show(s), orchestra pit sound levels in, 204

- Carpal tunnel syndrome, in aging instrumentalists, 67
 - in instrumentalists vs nonmusicians, 25
 - nerve conduction velocity testing in (editorial), 161
- Castrati, relationship to Mozarts (letter), 99
- Ceccarelli, Francesco, relationship to Mozarts (letter), 99
- Cello(s), returning to after accident, 63
 - x-ray computed tomography of, 8
- Central nervous system, disorders of aging instrumentalists, 67
 - and focal dystonia of hand, 4
- Children, movement education for violinists, 210
- Cognitive therapy, for performance anxiety, 122
- Company(ies), ballet, costs of injuries in, 164
- Computed tomography, of bowed stringed instruments, 8
- Conditioning testing, in modern dancers, 16
- Conductor(s), changing roles to administrator, 60
- Congress(es), *see* Annual meeting(s)
- Cost(s), of injuries in ballet company, 164
- Counseling center(s), music major problems vs non-music majors, 150
- Cramp(s), hand, and central nervous system, 4
- Creativity, in aging artists, 55
 - in popular musicians, 171
- CT scan(s), of bowed stringed instruments, 8

- Dance movement(s), momentum transfer in vertical jumps, 138
- Dance science research, in modern dancers, 16
- Dancer(s), challenges of aging in, 85
 - flamenco, plantar flexion/dorsiflexion strength in, 107
 - guidelines for longevity in, 62
 - injuries to, costs in ballet company, 164
 - modern, research in, 16
 - pain questionnaire for, 196
- Death(s), in popular musicians, 171
- Degenerative joint disease, in aging musicians, 80
- Dementia, in aging instrumentalists, 67
- Deutsche Gesellschaft für Musikphysiologie und Musikermmedizin, 154
- Diagnosis(es), of focal dystonia of hand, 4
 - upper-extremity, in aging instrumentalists, 87
- Drug(s), for performance anxiety, 117; 122
- Drug use, in musicians, musicians' perceptions of, 187
- Dystonia(s), focal, and central nervous system, 4

- Ear canal resonance, as risk factor in hearing loss, 103
- Ecological transactional model, of psychological development, 171
- Economics, of injuries in ballet company, 164
- Education, injury prevention, piano student use of, 141
 - movement, in violin training, 210
- Elderly, *see* Aging
